<i>**If interested, please contact your academic adviser for planning at least one semester in advance.</i>			
TOTAL	30 Credits Required		

The Graduate School considers full-time enrollment to be 8-15 graded credits during the fall and spring semesters. **The minimum credit load is 2 credits during the fall and spring semesters.** In most cases, students are eligible for federal loans and federal loan payment deferral when enrolled at least half-time, which is 4 credits for the fall and spring semesters. However, individual cases may vary, and students are advised to seek individual advice at the UW-Madison [Office of Student Financial Aid](#).
